Re: Request for Information Pursuant to Section 308 of the Clean Water Act
EPA Docket No. CWA-308-R01-FY16-59

Dear Mr. Kolb:

On May 3, 2016, the U.S. Environmental Protection Agency ("EPA") sent the City of Norwalk ("City") a Request for Information Pursuant to Section 308 of the Clean Water Act (EPA Docket No. CWA-308-R01-FY16-59). The Request required the City to submit a response within 30 calendar days of receipt. According to the signature on the certified mail return receipt, the Request was received by the City on May 9, 2016. Therefore, the City would be required to respond by June 8, 2016.

In a telephone conversation on May 16, 2016, you requested, on behalf of the City, an extension of the schedule to 90 days from the date of receipt. You described your large work load during the month of May and your desire to provide as complete a response as possible.

EPA approves the requested schedule extension. Please provide the requested information by August 7, 2016.

If you have any other questions regarding this Request, please contact John Melcher, Enforcement Officer of my staff at (617) 918-1663 or have your attorney contact Toni Bandrowicz, Senior Enforcement Counsel at (617) 918-1734.

Sincerely,

A handwritten signature in blue ink, appearing to read "James Chow".

James Chow, Manager
Technical Enforcement Office
Office of Environmental Stewardship
